

Haddenham Community Junior School

PSHE (Personal, Social, Health Education) Policy

**(including Relationships and Health Education and our position on
Sex Education)**

This policy was adopted on: 23.09.20

The policy is to be reviewed by: 01.09.21

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

PSHE

At Haddenham Community Junior School (HCJS), we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

Our choice of the Jigsaw programme, offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area.

The overview of the programme can be seen on the school website.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

"The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education... They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education (PSHE) continues to be compulsory in independent schools."

DfE Guidance p.8

"Today's children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way."

"This is why we have made Relationships Education compulsory in all primary schools in England... as well as making Health Education compulsory in all state-funded schools."

"In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy."

“These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others’ wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society.”

Secretary of State Foreword DfE Guidance 2019 p.4-5

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.”

DfE Guidance p.8

“All schools must have in place a written policy for Relationships Education and RSE.”

DfE Guidance p.11

Here, at HCJS, we value PSHE as a significant way to support our children’s development as human beings, to enable them to **understand** and **respect** who they are, to **empower** them with a voice and to **equip** them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to the needs of our pupils. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education (available via our school website), shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

This programme’s complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance:

- [Keeping Children Safe in Education](#) (statutory guidance)
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [Equality Act 2010 and schools](#)
- [SEND code of practice: 0 to 25 years](#) (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on cyberbullying)
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)
- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

What do we teach when and who teaches it?

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding

Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At HCJS, we allocate one hour each week to PSHE in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

Assemblies and collective worship, praise and reward system, Values lessons and celebrations and through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Where possible, class teachers deliver the weekly lessons to their own classes.

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', 'Physical health and fitness', 'Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Once again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils.

However, 'Sex Education is not compulsory in primary schools'. (p. 23)

Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

At HCJS, we believe children should understand the facts about human reproduction before they leave primary school.

The Sex Education Forum define Relationships and Sex Education (RSE) as learning about the emotional, social and physical aspects of growing up, relationships, sex, human sexuality and sexual health. It should equip children and young people with the information, skills and positive values to have safe, fulfilling relationships, to enjoy their sexuality and to take responsibility for their sexual health and well-being.

Effective RSE can make a significant contribution to the development of the personal skills needed by pupils if they are to establish and maintain relationships. It also enables children and young people to make responsible and informed decisions about their health and well-being. The Sex and Relationships Education (SRE) for the 21st century (published in 2014) highlights the importance of quality SRE education, including advice for schools and parents/carers.
(<http://www.pshe-association.org.uk/uploads/media/17/7910.pdf>)

At HCJS, puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' Puzzle (unit), and we conclude from the DfE Guidance that sex education refers to Human Reproduction. In order to teach this in a scientific context, and knowing that National Curriculum Science requires children to know how mammals reproduce, we have opted to teach this within our Science curriculum, not within PSHE or Relationships and Sex Education as we believe this is most appropriate for our children.

Therefore the parent right to withdraw their child is not applicable. We are of course happy to discuss the content of the curriculum and invite you to contact us via the school office if you wish to discuss this in more detail.

Monitoring and Review

The Learning and Teaching Committee of the school's governing board monitors this policy on an annual basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification. The Curriculum Committee gives serious consideration to any comments from parents about the PSHE (RSHE) programme, and keeps a record of all such comments. Governors scrutinise and ratify teaching materials to check they are in accordance with the school's ethos.

Equality

This policy will inform the school's Equalities Plan.

The DfE Guidance 2019 (p. 15) states, "Schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics.

At HCJS, we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

The Equality Act 2010 covers the way the curriculum is delivered, as schools and other education providers must ensure that issues are taught in a way that does not subject pupils to discrimination. Schools have a duty under the Equality Act to ensure that teaching is accessible to all children and young people. Inclusive RSE will foster good relations between pupils, tackle all types of prejudice – including homophobia – and promote understanding and respect. The Department for Education has produced advice on The Equality Act 2010 and schools (DfE, 2014b). Schools have a legal duty to promote equality (Equality Act, 2010) and to combat bullying (Education Act, 2006) (which includes homophobic, sexist, sexual and transphobic bullying) and Section 4.2 of the national curriculum (2014) states “Teachers should take account of their duties under equal opportunities legislation that covers race, disability, sex, religion or belief, sexual orientation, pregnancy and maternity, and gender reassignment.”

For further explanation as to how we approach LGBT relationships in the PSHE (RSHE) Programme please see:

‘Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?’
